Of the second-quarter plan for decentralized production of spare parts, 47 percent was completed for tractors, and 56 percent for agricultural machines.

The Tashkent Railroad System completed 86 percent of the second-quarter carloading plan, including 84 percent of the plan for loading petroleum products, 88 percent for loading coal, 82 percent for loading cotton fiber, and 165 percent for loading raw cotton. Carloadings were up 6 percent over the second quarter 1948. The norm for car turnover was not completed.

Seventy-three percent of the second-quarter plan for capital construction was completed, with the Ministry of Water Economy, Ministry of Education, Main Administration of Local Fuel Industry, and Main Road Administration lagging seriously in this respect. During the first 6 months of 1949, 19,000 square meters of living space were put into use.

The second-quarter plan for retail trade turnover was completed 102 percent, including 103 percent for turnover in the trade network and 97 percent for turnover in public eating enterprises. The Main Administration of Local Markets, Ministry of Trade Uzbek SSR, did not complete the plan for retail trade turnover.
